ESCAPE THE SWEET SHOP!

A printable escape room from the world of **Twelve Doors**

A magpie flew into Tinsley's sweet shop with the golden key. You and Bolt the robot chased it in, and the door clicked shut behind you! The lock needs a **four-number code**. Solve the four clues and write each answer in its box.

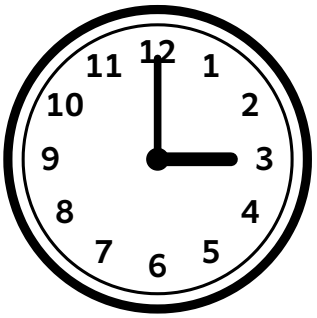

1

How many **lollipops** are in the jar? Count the lollipops, not the round sweets.

Answer

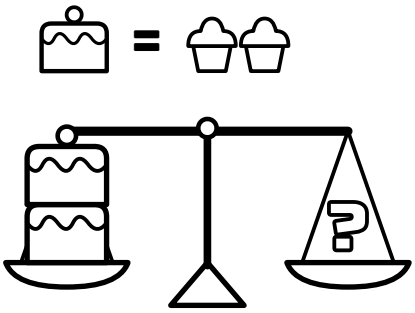

2

The shop clock stopped when the magpie flew in. What **hour** does it show?

Answer

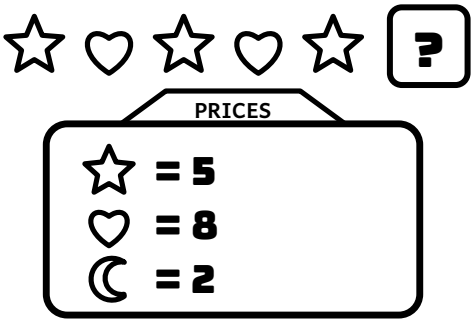

3

One cake weighs the same as two cupcakes. How many **cupcakes** weigh the same as two cakes?

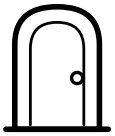

Answer

4

Which shape comes next in the row? Find it on the price board: its **price** is your number.

Answer

Write the code on the door:

1 2 3 4

All four? Click! The door opens.

Answers: (1) 7 lollipops. (2) 3 o'clock. (3) 4 cupcakes. (4) A heart comes next, and a heart costs 8. The code is 7348.
